With over a decade of experience in placing highly skilled Quality and Regulatory professionals across small clinical stage biotech's through to big pharma; FDAQRC's staffing service, known as FDAQRCandidates, understands the bespoke challenges these differing organizations face and can quickly match clients and candidates with corresponding outlooks.

FDAQRCandidates can ensure a successful search for both employer and employee looking for a long-term placement by utilizing our global consultant network comprised of former FDA employees, European Medical professionals, QA certified, and industry leaders that specialize in quality and compliance projects.

We've Got You Covered

FDAQRC's recruitment resources has a wide range of experience in multiple sectors. From big pharma organizations to quality assurance needs, our market expertise is not limited. Since 2009, FDAQRC has assisted in completing over 6,000 life science jobs in over 60 countries and are confident we have the expertise, experience, and resources needed to place Quality people on Quality jobs.
